## Judge Is Chosen For Cattle At State Fair

TAMPA—Ralph Freeman, noted Hereford cattle breeder of Pulaski, Tenn., has been selected to judge all beef cattle for the 1953 Florida State Fair at Tampa, Feb. 3-14, it was announced by J. C. Huskisson, assistant fair manager.

Mrs. Henry Chitty of Gainesville, the former Miss Jeanette Zetrouer, will be superintendent of the beef show.

Dairy cattle will be shown the first week of the fair, beef cattle the second. Judge of the Dairy Show will be Dean James H. Hilton of the College of Agriculture of North Carolina State. James Schee, of Largo, returns as superintendent of the dairy department.

The improved and enlarged swine show at the coming fair will be judged by James E. Pace, state extension animal industrialist of Gainesville, assisted by E. F. Johnson of the University of Florida's agricultural experiment stations. Joan Folks of the experiment stations will serve as superintendent of the Swine Show.

An open or interstate Hereford Show will be the main feature of the beef cattle showings at the big state exposition, Huskisson said.

## New Drum Major

Miss Judy Starling has been chosen drum major of the Pahokee High School Band and Drill Team to fill the vacancy left by the graduation of Miss Rita Faye Hurt, according to Bandmaster Robert O. Lampi.

To date the majorettes in the band include Eleanor Walker, Melba Pugh and Martha Hall.

## Farm Labor Supply Likely To Be Less For Coming Season

GAINESVILLE—Florida's farm labor situation, already critical, is headed for darker days in the 1953 season, according to Clyde D. Wilson, director of Florida Extension Service.

Wilson said that the present offers of farm labor are being met by bet- terly and bet- terly, but the drain- ing of labor from the state is making it difficult to bring in experience- ed farm labor on an exchange basis from the states of Mississippi and Alabama. But this setup presents problems of proper re- cruiting, selection of qualified workers, and the return of laborers to their home states at the end of Florida's peak harvest season.

"Undoubtedly Florida farmers will again have to depend heavily on off-shore recruits to produce and harvest their crops," the economist advised. "Since farmers face the prospect of having to use inexperienced and expensive labor, they should endeavor to use available labor more efficiently, in- crease their yields, and improve the quality of their crops."

## County Wide Safety Clinic On Sept. 12

A safety clinic, called by the county commission to discuss ways and means of curbing traffic ac- cidents in the county, will be held at the courthouse Sept. 12.

Invitations to city, county and state officials to attend the ses- sion called for 10:30 a. m. have been sent out and arrangements are being made for a large attend- ance at the session.

The commission this week re- ceived word from State Reps. B. Elliott and John Bollinger, that they would be unable to attend due to previous commitments.

White African guineas, raised commercially in Florida by Cecil Webb of Williston, are shipped to exclusive clubs and restaurants throughout the nation.

The ninth annual convention of the Florida Fruit & Vegetable As- sociation will be held at the Casa- blanca Hotel, Miami Beach, Sept. 24, 25, 26.

## Veterans Entitled Working Rights

TALLAHASSEE — Chairman Raymond E. Barnes of the Florida Industrial Commission announced today that in a report he received from Secretary of Labor, Maurice J. Tobin, it states that returning servicemen are entitled to re-em- ployment rights and benefits sim- ilar to those of the World War II veterans.

In the report, Chairman Barnes states, it is pointed out that since items dealing with the Veterans' Readjustment Assistance Act of 1952 (Korean GI Bill of Rights) made no mention of re-em- ployment rights benefits, many people assumed that such rights were not in effect; he said that reinstatement benefits were provided for in the Universal Military Training and Service Act of 1951 as well as earlier legislation and that all per- sons entering the military service since World War II will be pro- tected in those rights.

For further information on the subject contact the nearest local office of the State Employment Service.

## Broward Daniel Is Renamed To CSFFCD

Broward M. Daniel, Moore Haven, has been reappointed by Gov. Fuller Warren as a member of the Governing Board of the Central and Southern Florida Flood Control District.

His reappointment is subject to confirmation by the 1953 Senate. Upon confirmation he is scheduled to serve to July 12, 1955.

Owner and operator of the Daniel Dairy, Moore Haven, Mr. Daniel has served on the Flood Control District Governing Board since he succeeded Dr. Fred Bar- tleson, Ft. Lauderdale, who resigned in October, 1949. Prior to that Mr. Daniel was a member of the Board of Commissioners of the Everglades Drainage District fol- lowing appointment in January, 1949, to succeed J. E. Beardsley, Clewiston.

Son of Mr. and Mrs. W. E. Daniel, Moore Haven, where he was born in 1916, Mr. Daniel attended Riverside Military Academy, Mi- ami Military Academy and Stet- son University. He served in the US Navy from 1936 to 1940 and again in 1941 through September 1945. During World War 2 he saw combat duty for two years in the North and South Atlantic Thea- ters and in the Pacific Theater where he served aboard a corvette and an infantry landing craft. He was separated from service with the rank of lieutenant junior grade and is a member of the Naval Re- serve.

He is married to the former Miss Ann Skinner, Lakeland, and they have two daughters.

Mr. Daniel recently completed his second term as commander of the Glades VFW Post 4256, Moore Haven.

Cheaply constructed highways may stretch the road builders' dol- lar, but in the long run they cost the motorist and taxpayer much more than the well built perma- nent highway. Good roads are much cheaper, and safer than repair and hospital bills.

## Registration Starts At Pahokee School Mon.

### McCarty To Speak

TAMPA—Dan McCarty, Demo- cratic nominee for Governor, will be the principal speaker at the an- nual convention of the Florida Justices of the Peace and Con- stable Association which convenes in Tampa, August 29-30. ## Drew Appointment Highly Commended

A resolution commending the appointment of Justice E. Harris Drew of West Palm Beach to membership on the Florida Su- preme Court was adopted by the County Commission Monday.

The resolution, proposed by Commissioner Lake Lytal, said in part "... to allow us to add our voice to the expressions of praise and widespread approval ... which followed the appointment of Drew on August 11."

The resolution also commended Gov. Fuller Warren for his "wis- dom and careful thought in select- ing Mr. Drew."

The board's action also offered congratulations to Justice Drew and wished him many successful years on the bench.

The resolution was adopted on motion of Commissioner Paul Rardin who observed that Justice Drew was the first man of this county ever named to the high court and that the county's resolu- tion had been drawn in behalf of a man who deserved the recogni- tion.

to be called by the State Democratic Executive Committee. In his event no one announces against Drew, the costly one-office state-wide primary would then be unnecessary.

Drew's appointment to the state's highest tribunal was expected to draw the general approval of the legal profession. In a recent poll of lawyers to determine which members of the Bar were considered most qualified for membership on the Supreme Court, the West Palm Beach man was high man in both his judicial circuit and in the 11-county Sixth Congressional District.

The new justice is a descendant of George Franklin Drew, the state's 12th governor. George Franklin Drew, a lumber man before he entered politics, built in 1865 the state's largest sawmill at Ellaville on the banks of the Suwannee River. He guided the state's destinies in the difficult years immediately following the Reconstruction era.

Sources close to Gov. Warren said the selection of Drew was on a strictly nonpolitical basis. They explained that when a proposal was offered to expand the present seven-member Supreme Court to 10 members, the chief executive assured the Bar Association he would choose the three new justices from a list of 40 endorsed by the state's lawyers. Appointment of the three new justices is contingent upon adoption of a constitutional amendment in the November general election. However, the governor apparently felt that to keep the spirit as well as the letter of his agreement with the Bar Association he should fill the Chapman vacancy from the top or near the top of the bar poll.

A resident of Palm Beach County for 39 years, Drew is a member of the Resources Development Board of Palm Beach County and a member of the Palm Beach and West Palm Beach Chambers of Commerce. He also has served as

attorney for the Everglades Drainage District; is secretary of the Board of Port Commissioners for the Port of Palm Beach, attorney for the Jupiter Inlet District.

Drew's wife is the former Edith Mae Turner of Cleaton, Ky., who he married on June 10, 1927. They have one daughter, Melaine May, 14 years old.

He and his family are members of Holy Trinity Church of West Palm Beach. He is a 32nd degree Scottish Rite Mason.

## Adeeb Named To Fish Commission

TALLAHASSEE—Lee Adeeb, of Miami Beach, was recently appointed by Governor Fuller Warren to the Florida Game and Fresh water Fish Commission.

Adeeb succeeds E. Harris Drew, West Palm Beach, as Commissioner for the Fourth Conservation District. Drew resigned on August

11 to accept appointment to the State Supreme Court.

Adeeb, an automobile dealer and banker, is president of the Miami Beach Flamingoes of the Florida International Baseball League.

The State Railroad Commission has granted all Florida truck lines authority to increase their intrastate rates 11 per cent to bring them more in line with rail rates, which were hiked recently.

## Switches to Dodge... lowers hauling costs

▶ Whatever you haul, there's a Dodge truck—1½-ton through 4-ton—that's "Job-Rated" to fit your job and save you money.

▶ Full crankcase ventilation saves oil, lengthens engine life, and lowers upkeep costs.

▶ Two fuel filters—instead of only one—keep fuel clean to help prevent carburetor clogging and fouled cylinders.

▶ For smooth power that saves wear and tear, gyro Fluid Drive—a Dodge "exclusive"—is available on ½-, ¾-, 1-ton, and Route-Van models.

▶ Come in today for a demonstration and a real good deal.

Lewis Engel, Reliable Supply Company, Chicago, Ill.

"My Dodge has proved to be a real saver on gas!"

"We are getting several more miles per gallon with our Dodge 'Job-Rated' truck—and in a small business like mine, economy is important."

"My Dodge has not only proved to be a real saver on gas—but we are real pleased with Dodge dependability. Hauling pipes, fixtures, plumbing tools and other heavy equipment has broken down several trucks for us. But our Dodge has taken heavy-duty use over bumpy roads for a long time now and we haven't had to have a single mechanical repair."

Enjoy over-all economy. Dodge "Job-Rated" trucks are easy on gas and oil, thanks to compression ratios as high as 7.0 to 1. Other cost-cutting advantages include lightweight aluminum-alloy pistons and gas-saving carburetor with economizer valve.

Cut down upkeep. With a Dodge "Job-Rated" truck you get such proved money-saving features as 4-ring pistons with chrome-plated top rings, exhaust valve seat inserts, pre-fitted connecting rod bearings, positive-pressure lubrication, and other features.

Get long life. A Dodge "Job-Rated" truck gives you special alloy steel springs and shot-peened axle shafts. Other dependable Dodge long-life advantages include such features as wear- and heat-resistant valves, oil-bath air cleaner, and floating oil intake.

**Do you have Series E Defense Bonds coming due this year?**

# Here's a money-earning opportunity for you

**Now—a new law lets your maturing Series E Bonds go on earning for you ten years longer! And you don't have to do a thing!**

ARE YOU one of those patriotic citizens who began buying—and holding—Series E Bonds ten years ago? Now your government is going to reward your faith with a chance for your bonds to earn extra money—over and above what you'd expected!

According to the bill passed by Congress last spring, it is now possible for your United States Series E Bonds to continue earning interest ten years longer than was originally planned.

Therefore, if you started an automatic bond saving plan, and helped your country at the same time, you can look forward to ten years more of effortless earning from the bonds you bought!

For example, a Series E Bond which cost you \$18.75 in 1942 will pay you \$26 in 1952. But

if you hold that bond ten extra years, until 1962, it will pay you \$33.33, an average interest of 2.9%.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. (The tables on this page show what you can get for it.) But, unless you really need the cash you're much better off to hold your bonds; they are a paying method of saving. Bonds are safer than cash! Cash is too easily spent on nonessential things. And if you lose or accidentally destroy it, you're out that much money. But when you have cash in Defense Bonds, you're more apt

to hold on to it. And if your bonds are lost or destroyed, the Treasury will replace them for you at no cost or loss to you.

The cash you have in bond savings is safe and solid; and it's steadily growing toward a sum big enough to buy something really worth while when the proper time comes—a home, a business, a retirement fund, an education for your children.

So if you have bonds coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile keep adding to your savings by buying more United States Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2½% per year. For full details, ask at any Federal Reserve Bank or Branch.

## Defense is your job, too!

**T**HIS IS A DAY OF DREAMS COME TRUE... for the returning Korean War veterans pressing against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over. The nightmare of war is behind them. These boys have been far across the seas doing a hard, dirty, bloody job... a job of defense—for you.

But defense is your job, too. It is our job to help make America's economy as strong and dependable as these men have made her military power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U.S. Defense Bonds. Buy them now and buy them regularly. For your bonds and other forms of saving can make America strong. And in this warring world, *strength* is America's surest guarantee of peace.

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

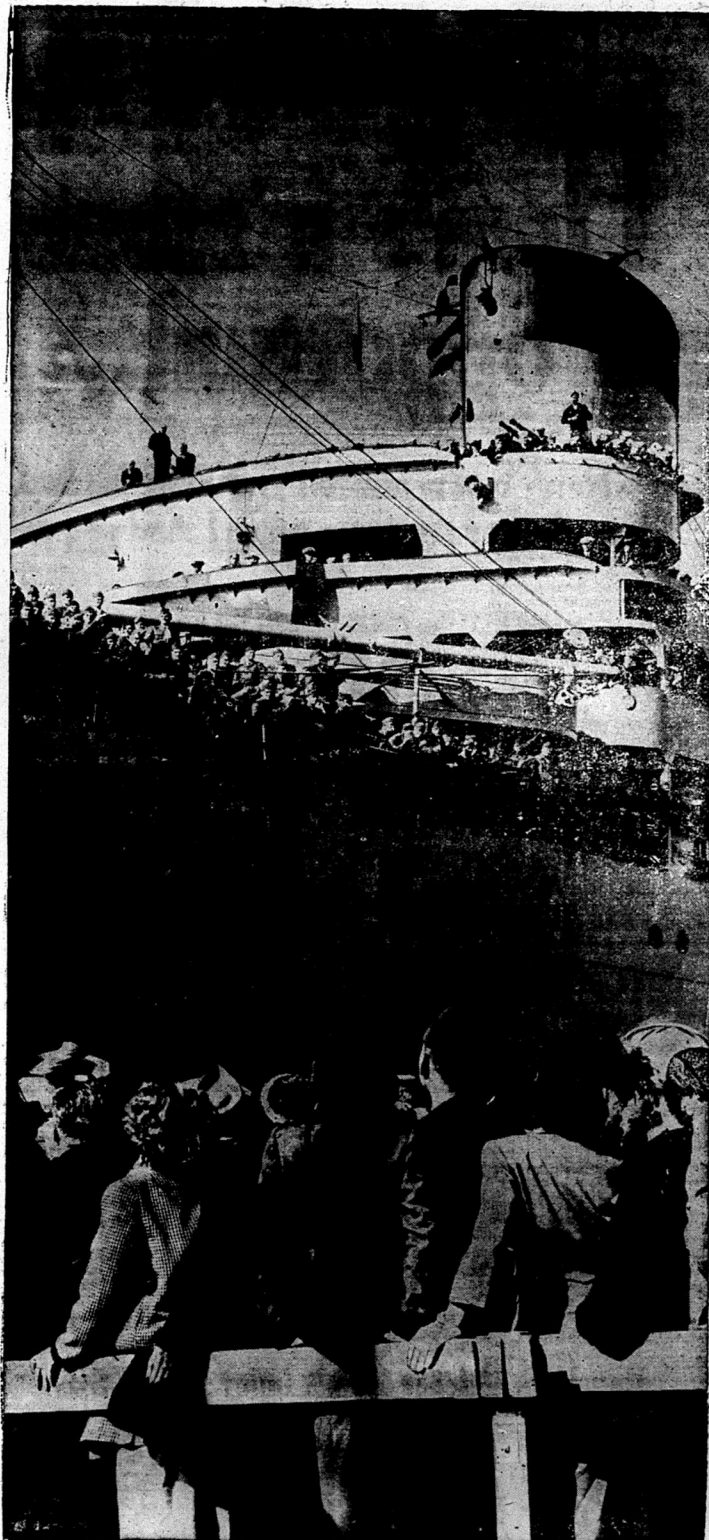

### The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now every *Series E Bond* you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.38! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

### Life Insurance

Life insurance in force in Florida amounted to \$3,785,000,000 as of the first of this year.

This total was 77 per cent above the comparable figure for 1946, the Florida State Chamber of Commerce reported yesterday. Further, the January 1, 1952 total amounted to \$4,290 per family, compared with \$3,000 per family five years ago. The 1952 national average figure was \$5,280 per family.

The \$3,785,000,000 Florida total is broken down in this week's business review of the State Chamber's research and industrial division to show \$2,360,000,000 in ordinary life insurance; \$520,000,000 in group insurance; and \$905,000,000 in industrial insurance.

In 1951 death benefits paid to Floridians totaled \$30,368,000. Figures for total benefit payments in Florida are not available yet for last year. However, in 1950 total benefits paid in Florida amounted to \$57,841,000 of which 55 per cent was paid for various types of benefits before death.

## "Miracle Day" Will See 112 Acres Land Cleared, Plowed, Planted In A Day

ZOLFO SPRINGS—State Superintendent of Public Instruction Tom Bailey, Alfred McKethan, chairman of the State Road Commission, H. E. Wood, advisor to Future Farmers of America, and Colin D. Gunn, state conservationist, will be guest speakers at the afternoon program of "Miracle Day" to be held at Zolfo Springs, Tuesday, Sept. 16.

Daylight will be heralded by the sound of bulldozers and tractors clearing the 112-acre tract in preparation for the seeders, grass planters, fertilizer and lime spreaders which will follow in changing the raw land into improved pastures, woodland control lots, picnic areas and grazed woodland tracts.

The tract, now under long-term lease to the Wauchula Chapter of the Future Farmers of America, is being transformed from raw land into improved tracts all in one day. The project will require 11 bulldozers, three crawler type tractors, 15 wheel tractors, numerous seeders, fertilizer and lime spreaders, discs, plows and many other types of equipment as well as 40 tons of lime and 16 tons of fertilizer, all of which has been donated by various companies.

Conducted tours of the project will be run regularly so that all spectators may see the equipment in action and learn the latest methods of clearing and improving land. The committee is planning facilities to handle at least five thousand spectators and some have predicted that many more than that number will be present.

The project is said to be the second largest of the kind ever attempted in the Southeast, and is under the leadership of John Reed, soil conservationist for the Hardee District, who assisted in the Sanford "Miracle Day" and whose experience has proven invaluable in the planning for the project. Soil conservationists from all parts of the state, who will attend a meeting in Sebring the following day, will be on hand to assist in managing various parts of the project.

### Roberts To Speak

Ben Roberts of Canal Point will be guest speaker at the October meeting of the Pahokee First Methodist Woman's Society of Christian Service to be held at the church Tuesday at 8 p. m. The subject of his talk will be "Platforms of the Democrat and Republican Parties."

Husbands and friends of WSCS members are invited to attend this meeting and hear Mr. Roberts' timely address. The Margery Lair Circle will be in charge of the program which will be preceded by a brief business meeting. Refreshments will be served at the conclusion of the program.

## Season Is Set For Bow, Arrow Hunters

TALLAHASSEE — A special hunting season for sportsmen who prefer to hunt with a bow and arrow has been set up by the Florida Game and Fresh Water Fish Commission.

Dates are Oct. 17-26 in the Ocala National Forest, Legal game will be deer, bear and panther. No dogs will be allowed and a special archery hunting license will be required. The archery season will be 25 days ahead of the regular hunting season, game officials said.

Florida's famous Cypress Gardens will have an honored place in a revolutionary three-dimensional movie depicting scenes in Europe and the United States soon to have its world premier in New York City.

### Inspection Needed To Guard Against Livestock Disease

Never before have close inspection and careful handling of livestock been more important than they are today. Every farmer who raises cattle and hogs owes it to himself and to the whole livestock industry to keep a close watch on his herds and to do everything he can to keep his animals healthy and to prevent spread of disease.

Foot-and-mouth disease has shown up during the past few years in Mexico and Canada, and it poses a very serious threat to American livestock. Anthrax, another serious cattle disease, exists in several other states and also has been found in very limited areas in Florida during the past year or so. Recently, vesicular exanthema, which affects swine in a manner similar to the way in which foot-and-mouth disease affects cattle, has been found in states bordering Florida and in some Western states.

Cholera of hogs, tuberculosis of cattle, and brucellosis of cattle and hogs have been serious threats to livestock for years. While excellent progress is being made against them, there can be let-up in the battle if they are to be prevented from taking a heavy toll of livestock.

Foot-and-mouth, anthrax, and vesicular exanthema on the need for regular inspection and careful handling of livestock, says Dr. Oliver F. Goen of the University of Florida Agricultural Extension Service.

"Of course," the Extension animal husbandman explains, "the man who succeeds with livestock keeps his eye on his animals to be sure they are getting enough feed and water and minerals, to protect them from diseases and parasites, to cull inferior animals, and to take whatever steps are necessary to keep his herd healthy and profitable. All of these things are important, but protection from disease has come to the forefront very forcefully during the past few years."

To protect his herd from disease, the Florida farmer should inspect his animals daily, segregate immediately any animal that shows disease symptoms, call in veterinary assistance when any unusual condition develops in an animal, quarantine for several weeks all animals brought on to his farm from elsewhere, and cooperate with others to prevent spread of disease.

"Florida's livestock are better than ever before, and the possibilities for continued improvement in quality and increase in production are bright indeed," Dr. Goen declares, "but constant vigilance against disease and careful handling and attention to such matters as adequate feed, parasite control, and culling will be necessary for realization of those possibilities."

### "Grow To Sell"

ORLANDO—Dixon Pearce, Miami president of the Florida Fruit and Vegetable Association, announced recently that the theme of the organization's 1952 convention to be held at the Casablanca Hotel, Miami Beach, Sept. 24-25-26, will be "Grow To Sell."

Keynote address will be made by James E. Davis, chairman of the board of Winn & Lovett Grocery Company. The principle address at the annual banquet will be made by Dan McCarty, nominee for Governor.

Although Florida's progress has been extraordinary, the state's potential is still relatively undeveloped. Warren T. White, assistant vice president of the Seaboard Air Line Railroad, told a Kiwanis Club meeting recently.

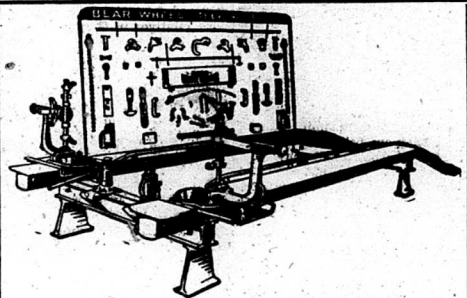

### Watson Quits Race

TAMPA—Former Attorney General Tom Watson of Tampa, abandoned his efforts to obtain a Republican nomination to the Florida Supreme Court and has asked Secretary of State R. A. Gray to return the \$825 fee deposited when he filed for a place in the Republican primary.

Only two Democratic candidates have so far indicated their intention to take part in the Democratic Primary to be held on Oct. 14—E. Harris Drew, of West Palm Beach, and Judge Vincent Giblin of Miami.

Prospects for the 1952-53 crop of sugar cane are the finest in history, says Harry T. Vaughn, executive vice president of the United States Sugar Corporation in Clewiston.

# This means more money to you!

**NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST  
10 EXTRA YEARS**

**A**LL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile. . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save *before* you even draw your pay. Thousands on the Plan say it's the one sure way to save.

## 3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K  
Defense Bonds pay 2.76% to 3%!*

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds:

**SERIES H.** A new current income bond, available in denominations of \$500 to \$100,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

**SERIES J.** A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

**SERIES K.** A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semiannually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

**NOW EVEN BETTER!  
INVEST MORE IN DEFENSE BONDS!**

## Tractors Involved In Farm Accidents

GAINESVILLE — Tractors are involved in over half of the farm machinery accidents, according to Louis T. Nieland, farm safety specialist with the Florida Agricultural Extension Service. The principal causes involve falling from or being thrown off the tractor, overturning, unguarded power take-off shafts, and violation of traffic rules when operating on the highway.

The National Safety Council points out that safe operation of the 3,000,000 tractors now used on farms could save hundreds of lives and prevent thousands of serious injuries annually.

The tractor operator cannot afford to gamble the loss of a limb or life by operating without the power take-off shield in place. Carelessness in handling tractors around ditches can start a trip to the hospital. Jumping off a tractor or making adjustments while in motion is another way to invite an accident. Tragedy may result from permitting children to operate or hitch a ride on tractors.

Mr. Nieland also offers these suggestions to avoid tractor accidents:

Never refuel a tractor while the motor is running or extremely hot. Avoid leaky fuel lines and accumulations of combustible materials near hot manifolds or exhausts. Store tractor fuels safely and always have a fire extinguisher available for an accidental fire.

When operating on the highway, always obey traffic rules and avoid excessive speed. Stop before entering main highways and use a red flag high up on the tractor to warn motorists of slow-going equipment. Use headlights and tail-lights after dark.

## It Is Unlawful For Any Person Or Persons To Engage In Business Under A Fictitious Name Unless The Name Is Registered

The fictitious name statute was recently changed by the 1951 Legislature and the News has the necessary forms for proper registration and advertising.

The charge for advertising the notice the necessary four times is \$15.

As amended by the 1951 session, the law reads as follows:

"It shall be unlawful for any person or persons, as defined herein, to engage in business as herein defined, under a fictitious name as herein defined, without and unless said fictitious name shall be registered with the clerk of the circuit court of the county where the principal place of business is, which registration shall consist of filing with the clerk aforesaid an affidavit signed by all interested persons, stating under oath the names of all those interested in the business enterprise, the extent of the interest of each, and the fictitious name under which said business is carried on. Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."
